

# EMAD HAMDY

**Professional Driver | Fleet Supervisor | Logistics | Digital & AI Project Developer**

Cairo, Egypt

Phone: 01026500066

Email: emadh5156@gmail.com

LinkedIn: Emad Hamdy – LinkedIn

## PROFESSIONAL SUMMARY

Versatile professional with approximately 29 years of driving and transportation experience, including professional passenger and truck driving, VIP transportation, driver supervision, fleet coordination, GPS tracking, route planning, vehicle monitoring, logistics, and warehouse operations.

Experienced in diplomatic transportation through more than five years with the U.S. Embassy in Egypt, five years at Al Jazeera Academy progressing from Professional Driver to Driver Supervisor, independent passenger transportation, tourism transportation with Travco and Misr Travel, and professional driving with Alkan Consult.

Additional experience includes Fleet Supervision and GPS Tracking Control with Rimo Tourism Company, warehouse and logistics coordination with Procter & Gamble, and R&D/product development and process improvement experience with Qandil Steel – KAMA.

Also an agricultural engineer, digital content creator, AI-assisted developer, digital marketing practitioner, independent project creator, inventor, and founder of an original sport. Active in social media and online content creation since 2006 and currently developing and testing approximately 10 Android applications and independent game projects.

Strong combination of practical field experience, supervision, logistics, technology, problem solving, digital skills, and independent project execution.

## CORE PROFESSIONAL SKILLS

- Professional Driving •
- Truck Driving •
- VIP Transportation •
- Defensive Driving •
- Fleet Management •
- Fleet Supervision •
- Driver Supervision •
- Driver Coordination •
- GPS Tracking •
- Fleet Tracking •

- Route Planning & Optimization •
- Dispatch Coordination •
- Vehicle Monitoring •
- Vehicle Inspection •
- Vehicle Safety •
- Accident & Incident Monitoring •
- Engine Issue Monitoring •
- Transportation Scheduling •
- Passenger Service •
- Logistics Coordination •
- Warehouse Operations •
- Inventory Monitoring •
- Shipping & Loading Coordination •
- Product Development •
- Process Improvement •
- Quality Improvement •
- Cost Reduction •
- Waste Reduction •
- Lead Time Reduction •
- Problem Solving •
- Continuous Improvement •
- Social Media Management •
- Digital Marketing •
- Content Creation •
- AI-Assisted Development •
- Website & Web-App Development •
- Android App Development •
- Game Development •
- Google Analytics •

## PROFESSIONAL EXPERIENCE

### RIMO TOURISM COMPANY

**Fleet Supervisor & GPS Tracking Control Specialist**

Giza, Egypt

**January 2026 – May 2026**

- Managed fleet operations and GPS tracking systems for efficient vehicle coordination and real-time monitoring. •
- Coordinated dispatch operations and optimized routes using data-driven approaches. •
- Supervised driver management and supported fleet optimization through telematics and GPS navigation systems. •
- Monitored vehicle performance, maintenance schedules, and safety protocols. •
- Supported compliance with operational standards and reporting requirements. •
- Collected and analyzed operational information to identify opportunities for improved fleet efficiency. •
- Collaborated with teams to improve operational performance through systematic data collection and analysis. •

## **U.S. EMBASSY IN EGYPT**

### **Professional Driver / Transportation Support**

Cairo, Egypt

**March 2020 – August 2025**

- Provided safe, reliable, and professional transportation services in a diplomatic environment. •
- Transported personnel and supported daily transportation requirements with strong attention to safety, punctuality, professionalism, and confidentiality. •
- Applied defensive-driving practices and extensive knowledge of Cairo and Greater Cairo roads. •
- Conducted vehicle checks and monitored vehicle condition. •
- Planned efficient routes and adapted transportation plans to operational requirements. •
- Followed established safety procedures and transportation standards. •
- Maintained a strong record of safe and dependable government driving service. •
- Recognized by the U.S. Mission Egypt for one year of safe and reliable government driving service without an accident. •
- Worked professionally in an environment requiring discretion, adaptability, reliability, and high standards of conduct. •

## **AL JAZEERA ACADEMY – MOKATTAM**

### **Professional Driver → Driver Supervisor**

Mokattam, Cairo, Egypt

**February 2015 – March 2020**

#### **Driver – First 2 Years**

- Provided safe and reliable transportation services for the academy. •
- Ensured punctual transportation of staff and students. •
- Planned efficient routes based on detailed knowledge of Greater Cairo roads. •
- Maintained awareness of vehicle condition and followed safety procedures. •
- Supported smooth daily transportation operations. •

## **Driver Supervisor – Following 3 Years**

- Supervised drivers and supported daily fleet operations.
- Coordinated drivers according to transportation requirements and schedules.
- Planned efficient routes to reduce travel, delivery, and waiting time.
- Selected the shortest and most practical routes across Greater Cairo.
- Monitored vehicle-related operational issues.
- Monitored and followed up on vehicle incidents and accidents.
- Observed unusual engine noises and other vehicle-related problems and reported them for appropriate action.
- Supported driver coordination and daily transportation activities.
- Created and used a Google Drive-based system to organize and share driver and fleet information.

## **INDEPENDENT / UBER DRIVER**

### **Independent Driver**

Cairo, Egypt

**March 2011 – February 2015**

- Provided independent passenger transportation services using personally owned vehicles.
- Managed daily transportation operations, routes, schedules, vehicle maintenance, and customer service.
- Planned routes and adapted to traffic and changing transportation requirements.
- Developed strong practical experience in passenger service, vehicle care, independent work management, and route planning.

## **TRAVCO GROUP**

### **Bus Driver**

South Sinai, Egypt

**August 2010 – October 2011**

- Operated tourist buses for transportation services across South Sinai.
- Transported tourists safely between hotels, airports, attractions, and other destinations.
- Maintained professional driving standards and punctual schedules.
- Prioritized passenger safety and professional customer service.
- Applied strong knowledge of local roads and tourism routes.

## **MISR TRAVEL**

### **Limousine Driver**

Sharm El Sheikh International Airport, Egypt

**August 2008 – September 2009**

- Provided professional limousine transportation for tourists, clients, and VIP passengers.
- Transported passengers safely, comfortably, and on schedule.
- Provided transportation support during tourism and conference events.
- Transported VIP passengers including Minister Zohair Grana during 2008 Tourism Conference events.
- Applied strong knowledge of local roads and routes to support efficient transportation.
- Maintained professional customer service and passenger safety standards.

## **ALKAN CONSULT**

### **Driver**

Zamalek, Cairo, Egypt

**July 2007 – July 2008**

- Provided professional transportation services for company staff and business operations.
- Maintained safe, reliable, and timely transportation.

- Developed websites, web applications, digital platforms, games, and Android applications. •
- Uses Google Analytics and web analytics concepts. •
- Works with Meta Pixel and Meta Conversions API concepts. •
- Uses Microsoft Word, Excel, Google Drive, HTML, GitHub, and AI-assisted development workflows. •
- Currently developing and testing approximately 10 working Android applications for potential publication on Google Play. •

## **SELECTED DIGITAL & TECHNOLOGY PROJECTS**

### **EMAD-LINGO**

#### **Language Learning Web Platform**

- Developed an independent multilingual language-learning platform using AI-assisted development and digital content workflows. •

## **FINHIM**

### **Digital Safety & Awareness Project**

Developed an independent digital safety and awareness project with a dedicated web presence. •

## **ANDROID APPLICATION DEVELOPMENT**

### **Independent Developer**

Developing and testing approximately 10 working Android applications. •  
Working across application concepts, functionality, testing, content, user experience, and AI-assisted development. •  
Preparing selected applications for potential Google Play publication. •

## **INDEPENDENT GAME DEVELOPMENT**

### **Game Projects**

Created and developed two working interactive game projects using AI-assisted development and digital prototyping. •  
Projects demonstrate practical ability to transform concepts into functional digital products. •

**Game Project 1:** Working web-based game

**Game Project 2:** Working web-based game

## **INNOVATION & ENTREPRENEURSHIP**

### **INVENTOR – PRINTING ELEMENT**

Developed an invention related to a printing element. •  
Patent reference: Patent No. 20093/92. •

### **FOUNDER – BLATES SPORT**

Created an original sport named Blates. •  
Founder and creator of the concept. •  
Developed an official rules document defining the structure and rules of the sport. •

## **EDUCATION**

### **CAIRO UNIVERSITY**

**Bachelor's Degree in Agricultural Engineering**

Major: Reclamation of Desert Lands

Graduated: 2008

## **NASR CITY INDUSTRIAL SECONDARY SCHOOL**

**Secondary Industrial Diploma – Refrigeration & Air Conditioning**

1993

## **TRAINING & PROFESSIONAL DEVELOPMENT**

### **Google Ads Measurement Certification**

- Google Ads Measurement Certification. •
- Certificate issued August 10, 2026. •
- Focus on measuring advertising performance and digital campaign measurement. •

### **Meta Blueprint**

#### **Integrating Data Sources into Your Campaign Strategy**

- Meta data sources •
- Signals •
- Website events •
- Audience definition and reach •
- Campaign optimization •
- Performance measurement •

### **Meta Blueprint**

#### **Set Up the Meta Pixel and Meta Conversions API for Ad Campaigns**

- Meta Pixel •
- Website event tracking •
- Conversions API •
- Campaign optimization •
- Audience building •
- Measurement •

### **Meta Blueprint**

#### **Technical Implementation of the Meta Pixel**

- Technical Meta Pixel implementation concepts. •
- Website event tracking and digital measurement. •

The certificates are dated August 10, 2026.

### **Artificial Intelligence Marketing**

## **Online Course – AlqadasiBiz for Business & Marketing Solutions**

- Successfully completed an online course in Artificial Intelligence Marketing. •
- Completed May 2, 2026. •

## **ICDL – International Computer Driving Licence**

- Computer and digital literacy. •
- Microsoft Office and productivity tools. •
- Word processing, spreadsheets, presentations, file management, and general computer skills. •

## **Additional Digital Development**

- Google Analytics •
- Digital Marketing •
- Social Media Management •
- AI-Assisted Content Creation •
- AI-Assisted Development •
- Website & Web-App Development •
- Android Application Development •
- Graphic Design •
- Photo & Video Editing •
- Project Management •

## **INTERNATIONAL EXPERIENCE**

### **UNITED STATES OF AMERICA**

**Akron, Ohio**

**November 2022 – February 2023**

- Visited the United States for tourism and cultural exposure. •
- Gained international and cross-cultural experience through direct exposure to American society and daily life. •
